OTHER AWARDS

2021 to 2022	*Duke of Edinburgh* Bronze

HOBBIES AND INTERESTS

I enjoy meeting my fellow peers at the Rubik's cubing society, where we compete, and discuss methods and algorithms for returning the cube to its original configuration. I have a keen interest in maths, coding and problem solving, which I have combined by solving coding challenges on platforms such as Leetcode and Codesignal. When I am home from university, as well as continuing my studies, I also like to catch-up with my friends and spend time with my family, gaming, walking and watching movies.
